

Over the last month, the Caribbean and the Southern United States have been battered by a series of hurricanes.

Hurricane Harvey made landfall on the Gulf Coast of Texas on August 25<sup>th</sup>, bringing unprecedented amounts of rain and flooding to the area. Hurricane Irma devastated islands in the Caribbean before eventually making landfall in Florida two weeks later. Hit hard by Irma, Puerto Rico and other islands in the Caribbean are struggling to recover in the aftermath of Hurricane Maria. FJC has compiled a list of organizations that are working to assist the relief effort. If you are interested, we are happy to assist you in making a grant. This is just a sample of organizations and FJC does not endorse one over another.

If you would like more information on these or others, please do not hesitate to contact us.
