

DESIGNATED FUND ACCOUNT SUMMARY OF PROCEDURES AND RULES

Creating and Making Contributions to a Designated Fund Account

A Designated Fund Account may be created by making an irrevocable and unconditional contribution of assets (cash, securities or other assets), which is accepted by FJC, under the terms of a letter agreement. The minimum initial contribution to establish a fund is \$5,000 in the aggregate, in cash or readily marketable property presently valued at not less than that amount.

At the time of the fund's creation, the Authorized Signatory identifies a Designated Organization which qualifies as charitable tax-exempt organizations under the Internal Revenue Code, is consistent with FJC's charitable purposes, and to which grants will be made upon the written request of the Authorized Signatory or the Designated Organization. FJC must approve the establishment of the Designated Fund Account. The Authorized Signatory holds primary responsibility for answering questions related to the Fund or in working with FJC on matters related to the Fund.

Additional contributions may be made at any time, and in any amount, to a Designated Fund Account. Any bank fees and associated costs incurred or charged by FJC as a result of insufficient funds for a contribution or other reason shall be assessed against this account.

FJC does not certify the value of contributed assets and has the right to reject contributions of any asset.

Authorized Signatories

When establishing a Designated Fund Account, or at any time thereafter, the original Authorized Signatory shall have the privilege of appointing up to two additional Authorized Signatories who may request distributions to the Designated Organization from the Fund.

Unless the Authorized Signatory notifies FJC otherwise in writing, each Authorized Signatory of a Designated Fund Account shall have the full, equal and independent privilege to designate Additional and Successor Authorized Signatories. Authorized Signatories designated to serve during the lifetime of the original Authorized Signatory are "Additional Authorized Signatories." Persons designated to serve as Authorized Signatories after the death or disability of the original Authorized Signatory and the death, disability, termination or resignation of all the Additional Authorized Signatories are "Successor Authorized Signatories."

Unless the Authorized Signatories notify FJC in writing otherwise (e.g., that requests must be made jointly or by some specified combination or number of Authorized Signatories), each Authorized Signatory shall have the full, equal and independent privilege to request distributions for the Designated Fund Account.

When a number of individuals have the privilege of making requests for a fund, FJC may require that the Authorized Signatories designate one person to act for all of them in submitting requests to FJC.

If FJC receives a separation agreement or divorce settlement agreement for a couple, both of whom are Authorized Signatories of a Designated Fund Account, FJC will honor the terms of that agreement with respect to said account. In the absence of a written legal agreement confirming the authority to do so, FJC will not remove one Signatory, including a spouse, at the direction of another Signatory.

Subject to the limitation on the number of Authorized Signatories who may serve simultaneously, an initial Authorized Signatory may provide that Additional Authorized Signatories may designate other Additional or Successor Authorized Signatories. Unless the Authorized Signatories have notified FJC otherwise in writing, after the death or disability of the Authorized Signatories, each surviving Additional or Successor Authorized Signatory shall have the right to designate his or her replacement as Authorized Signatory. Any person who has the right to designate Authorized Signatories may also limit or terminate the designation of any Authorized Signatory that person has designated. Unless the Authorized Signatory notifies FJC otherwise in writing, any person who may make designations may do so during his or her lifetime or by will.

Investment of Assets

FJC has the sole right to invest and manage the investment of all Designated Fund Accounts, to designate investment options available to Designated Fund Accounts, change, add to or delete such options, and make such rules regarding investment options and investment recommendations as it may deem necessary or appropriate. Authorized signatories have the privilege of recommending the investment of assets in the Fund.

Investment income and losses are allocated to each account at the close of each period, as established by FJC. This calculation is based on a weighted daily average of the opening balance and transactions in the account over the period. A report of all

transactions in each Designated Fund Account, including income, gains or losses (net of expenses), contributions, grants and fees, is provided to the Authorized Signatory quarterly.

A modest fee is assessed monthly to provide for the costs of program administration. The current annual fee is 1% (1/12 of 1% monthly) based on the average daily value of the assets held in the Designated Fund Account.

Grants from Designated Fund Account to Designated Organization

FJC has the duty imposed by law to make only those grants that satisfy the guidelines it has adopted to comply with the requirements of the Internal Revenue Code and the applicable regulations published by the Treasury Department. FJC shall monitor the activities supported by grants to the Designated Organization to determine if such activities are in compliance with the Code and regulations.

FJC shall accept requests for distributions from the Authorized Signatories or the Designated Organization that are consistent with FJC's charitable purposes. This Summary includes a List of Charitable Needs, which FJC uses as a guideline in making decisions for approval or disapproval of all grant recommendations from Authorized Signatories and Designated Organizations.

Each grant shall identify the Authorized Signatory to the Designated Organization unless the Authorized Signatories request that they not be identified. FJC will use its best efforts to process all distribution requests within ten (10) business days from receipt. All requests for distributions to the Designated Organization will be honored unless FJC has become aware of a material change in the status or charitable purposes of the Designated Organization.

Limitations on Grants

The minimum grant made to pay is \$100. No grant may be for or to discharge charitable pledges, a legal obligation of any person or to pay for products or services; e.g., pledges, tuition, tickets.

Continuity of Funds

FJC will distribute funds contributed, and income earned by these funds, to the Designated Organization as long as such organization remains an entity described in Sections 501(c)(3) and 509(a)(1), (2), or (3) of the Internal Revenue Code as it now exists or as it may be amended. Should the Designated Organization cease to exist or to be a qualified charitable organization,

or if the Fund's purpose become unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community, FJC may exercise its variance power to ensure that the funds will be redirected to an organization which meets the original charitable intent.

Authorized Signatories may also make recommendations for the distribution of any remaining funds upon their death or disability or upon the occurrence of a specified event. If such a recommendation has not been made, when there are no surviving competent Authorized Signatories, funds remaining in a Designated Fund Account will be placed in the General Endowment Funds of FJC

Ownership of Assets in Designated Fund Accounts

FJC owns the assets in each Designated Fund Account outright and has complete control over them for the charitable purposes of FJC. The Authorized Signatories do not have any power to restrict the absolute rights of FJC as owner of the assets.
